Answer Key

Long Answer Questions - Expected Responses

1. Explain the concept of responsible technology use, highlighting its importance in today's digital age.

Expected Answer: Using technology responsibly involves being mindful of screen time, online safety, and avoiding distractions.

2. Discuss the multifaceted impact of the internet on children's education and social life.

Expected Answer: The Internet offers educational resources, communication tools, and entertainment options, impacting learning and social interactions.

3. What is digital literacy and why is it crucial for children in the modern era?

Expected Answer: Digital literacy involves understanding how to use technology effectively and safely, including online research and communication.

4. Define cyberbullying and describe its potential negative effects on children's well-being.

Expected Answer: Cyberbullying involves online harassment and intimidation, causing emotional distress and psychological harm.

5. How can parents encourage a balance between technology use and other activities to promote a child's overall well-being?

Expected Answer: Screen time should be balanced with physical activity, outdoor play, and other enriching experiences to ensure healthy development.

6. Describe the measures parents can take to safeguard their children's privacy while they are online.

Expected Answer: Protecting children's privacy online involves setting strict guidelines about sharing personal information and monitoring their online activities.

7. Explore the potential benefits and risks associated with children's use of social media platforms.

Expected Answer: Social media platforms offer a means of social interaction, information sharing, and community building, but also potential risks.

8. How can technology be used responsibly in education to support and enhance a child's learning journey?

Expected Answer: Responsible use of technology in education means using it as a tool to enhance learning, not replace meaningful interaction.

Multiple Choice Questions - Correct Answers
