# Answer Key

## Long Answer Questions - Expected Responses

1. When and how did the Battle of Warsaw begin?

Expected Answer: The Battle of Warsaw began on August 13, 1920, when the Red Army approached Warsaw.

2. What was the geographical extent of the Battle of Warsaw?

Expected Answer: The battle's southernmost point was Włodawa on the Bug River, and its northernmost point was Działdowo.

3. Which front played the most important role in the initial defense?

Expected Answer: General Józef Haller's Northern Front was the focus of the initial defensive efforts.

4. Describe the actions of General Franciszek Latinik's 1st Army.

Expected Answer: Initially pushed back near Radzymin, General Franciszek Latinik's 1st Army eventually halted the Soviet advance.

5. What significant action did General Sikorski's army undertake on August 14th?

Expected Answer: On August 14th, General Władysław Sikorski's 5th Army launched an offensive along the Wkra River.

6. Describe the decisive counteroffensive and its impact.

Expected Answer: Józef Piłsudski's counteroffensive, starting August 16th from the Wieprz River, broke through weak Red Army positions.

7. What was the result of the Polish counteroffensive on the Red Army?

Expected Answer: The Polish forces' actions forced a disorganized retreat by the Red Army towards the northeast.

8. What happened after the initial success of the Polish counteroffensive?

Expected Answer: Following their success, Polish forces pursued the retreating Red Army, securing further victories.
