- a) It has no implications for privacy
- b) It promotes responsible digital citizenship
- c) It highlights the importance of data privacy and security
- d) It protects against online risks

Answer Key

Long Answer Questions - Expected Responses

1. Explain the significance of the Universal Declaration of Human Rights.

Expected Answer: The Universal Declaration of Human Rights is a foundational document outlining fundamental human rights and freedoms for all individuals, regardless of nationality, sex, national or ethnic origin, color, religion, language, or any other status.

2. Describe the complexities of the global refugee crisis, including its causes and consequences.

Expected Answer: The refugee crisis involves mass displacement of people due to conflict, persecution, or natural disasters, resulting in humanitarian challenges and immense suffering. Causes include war, political instability, and climate change.

3. Explain human trafficking as a violation of human rights, detailing its methods and impact on victims.

Expected Answer: Human trafficking is a grave violation of human rights, involving the exploitation of individuals through force, fraud, or coercion for purposes such as forced labor or sexual exploitation. This is often linked to organized crime and poverty.

4. Discuss how terrorism violates numerous human rights, providing specific examples.

Expected Answer: Terrorism involves the use of violence and intimidation to achieve political aims, often resulting in widespread human rights violations, targeting civilians and undermining stability. It undermines basic rights to life, security and freedom from fear.

5. Describe the roles of major international organizations in protecting human rights globally.

Expected Answer: International organizations such as the UN and Amnesty International play vital roles in monitoring human rights, providing humanitarian assistance, and advocating for legal protection for all individuals. They investigate, report, and lobby for change.

6. Explain how the Sustainable Development Goals (SDGs) align with the protection and promotion of human rights.

Expected Answer: Sustainable Development Goals (SDGs) aim to improve social and environmental conditions globally, directly linking to human rights by focusing on poverty reduction, health, education, and justice, ensuring a better future for all.

7. Discuss the contributions of Nelson Mandela, Rosa Parks, and Anjali Gopalan to the global human rights movement.

Expected Answer: Nelson Mandela, Rosa Parks, and Anjali Gopalan exemplify dedication to human rights through their activism and leadership in the fight against injustice and oppression. They overcame adversity to advocate for equality and justice.

8. Explain how analyzing personal digital footprints helps us understand issues of data privacy and security in the digital age.

Expected Answer: Analyzing digital footprints helps to understand the implications of online activity on privacy and security. It highlights risks and encourages safe and responsible digital citizenship practices.

Multiple Choice Questions – Correct Answers
